

**MonoBehaviour**

```
graph BT; Analytics --> Singleton; Singleton --> MonoBehaviour;
```

The diagram illustrates a class hierarchy with three levels. At the bottom is the 'Analytics' class, which inherits from the 'Singleton< T >' class. The 'Singleton< T >' class, in turn, inherits from the 'MonoBehaviour' class at the top. Each class is enclosed in a rectangular box with a thick black border, and the relationships are indicated by upward-pointing arrows.

**Singleton< T >**

**Analytics**
